

# FREEZE DANCE

## OBJECT OF THE GAME:

Freeze when the music stops and don't move until it starts again!

## WHAT YOU'LL NEED:

- Music Player
- Playing space large enough for dancing

## INSTRUCTIONS:

**Setup:** Assign one game DJ and the rest of the group as dancers.

**Playing the Game:** The DJ will begin the game by playing music. Participants will dance as long as the music is playing. But when the DJ stops the music, participants must freeze in the positions they are in! Players who do not remain frozen are out. Then, a new round begins. The last player standing, wins!
