Medical Student Performance Evaluation

Identifying Information

Legal Name: Mark Medical

Year in School: MS 4

Noteworthy Characteristics

- Mark thrives in team settings. He understands when to be a leader as well as collaborates with peers and works as his patients' advocate.
- Mark's passion for teaching was exemplified by his role as a university-sponsored tutor both at his undergraduate university and medical school. His love of teaching and nature even inspired him to host a workshop on basic fire starting for his peers in the Wilderness Medicine Club.
- During medical school, Mark was an active member and voting delegate of the Student Osteopathic Medical Association (SOMA) and authored multiple health policy resolutions that were presented to and approved by the American Osteopathic Association (AOA). Continuing to work towards improving healthcare is a major goal of his.

Professional Performance

Students matriculating at OSU-COM are considered student members of the osteopathic medical profession. As such, they are expected to conduct themselves in a manner consistent with the standards of the osteopathic medical profession. All OSU-COM students must maintain professionalism in the following areas: reliability and responsibility, maturity, judgment, respectful behavior, honesty and integrity, and emotional stability.

Preclinical Coursework

Mark Medical has met all requirements during his (or her) preclinical coursework.

Clerkship Evaluation Structure

Three categories of grades may be assigned for clerkships: Pass (P), Pass with Honors (H), or Fail (F). A clerkship Pass (P) grade designates a student has successfully passed the clerkship course evaluation. A clerkship Pass with Honors (H) grade indicates that a student has fulfilled the criteria for a Pass (P) grade and may be considered at the discretion of each department. A clerkship Fail (F) grade occurs when a student meets two or more evaluation failure criteria (see the Clerkship Handbook for a listing of the criteria). All elective clerkships are graded only using a Pass (P) or Fail (F) grading system.

COMAT examinations are administered at the completion of each of the following core clerkships: Family Medicine, Internal Medicine, Obstetrics/Gynecology, Osteopathic Principles and Practice, Pediatrics, Psychiatry, and Surgery. A grade is not assigned for these clerkships until a student successfully passes the COMAT (see section 11.2 of the Academic Standards Handbook).
