# PROGRAM ROOTS

- In order to encourage broad participation in the medical education programs of OSU and OU, the Oklahoma Health Care Authority negotiated with CMS for a Medicaid state plan amendment to provide additional compensation to physicians participating in the education programs of the universities
- Physicians employed by or contracted with the university are eligible for participation
- Participation in the program is first driven by the academic needs of the institution and then the level of enhanced reimbursement is commensurate with the level of participation of that individual physician

## METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES OTHER TYPES OF CARE

---

### Payment for physicians' services (includes medical and remedial care and services) (continued)

#### Services Provided by Oklahoma Universities Affiliated Physicians

**REIMBURSEMENT** - Eligible providers specified below will be reimbursed for services rendered to Oklahoma Medicaid recipients. This excludes dually eligible Medicare and Medicaid recipients. The supplemental payments, which reflect the alternative fee schedule, will be made as part of service reimbursement based on the calculation of the differential amount between the base Medicaid payment and supplemental payment for allowable Current Procedural Terminology (CPT) codes. Each Oklahoma Medicaid covered medical billable code (excluding vaccines, technical component, laboratory, and radiology services) listed on the applicable Oklahoma Medicaid fee schedule will be reimbursed in accordance with the payment methodology, below.

With regard to the Agency fee schedule on Attachment 4.19-B, Page 3, a different conversion factor (CF) will be used. The established relative value unit (RVU) will be used and the CF amount will result in a payment equal to 175% of the Medicare allowable. The reimbursed percentage will not exceed the following payment methodology:

- a. An average of the commercial payment from the top five (5) commercial payors for each CPT code were provided to generate the Average Commercial Rate (ACR).
- b. Both the Medicare rate and the ACR were multiplied by the Oklahoma Medicaid fee-for-service (FFS) volume of services reimbursed for eligible CPT codes.
- c. The statewide Medicare equivalent of the ACR was calculated by dividing the product of ACR and FFS volume by the product of the Medicare and FFS volume.

**ELIGIBLE PROVIDERS** — Providers who are enrolled in Oklahoma Medicaid, and employed by or contracted with an Oklahoma public, non-profit, accredited medical school to provide supervision and teaching of medical students, residents, or fellows through application of the parameters of 42 CFR 447.304. Eligible providers include physicians who are eligible Oklahoma Medicaid providers and furnish Oklahoma Medicaid reimbursable services.

# OSU PROGRAM SPECIFICS

- Base Rate – established annually dependent on the normal Medicaid rate and the Federal Medical Assistance Percentage
  - Appointment as an adjunct faculty member by a clinical department of OSU-COM or the Physician Assistant program
  - A minimum of 6 months' availability to accept placement of medical students, physician assistant students, and/or residents for rotations
  - Submission of claims for physician services through the OSU Medicine claims portal

# OSU PROGRAM SPECIFICS

- Optional reimbursement amounts are available as compensation in addition to the Base Rate of enhanced reimbursement through participation in the following programs
  - Execute agreement to participate in the OSU Health Access Network
  - Execute agreement to participate in the OSU Rural Oklahoma Network (ROK-Net)
  - Delivery of medication assisted treatment (MAT) to needed patients
  - Participation in 12 or more OSU-CHS Project Extension for Community Health Care Outcomes (ECHO) sessions annually
- Bundling these services can drive additional rate increases

# MEDICAID MANAGED CARE IMPACT

- Will need to contract with MCO's through the University
- Payment process is projected to convert to a quarterly supplemental payment based on claims activity
- OHCA is working with CMS to finalize the specifics of the supplemental payment, but the state plan authorization remains intact
